

TRANSPORTATION

**Comfort
Keepers®**

Comforting Transportation: *A Safe and Affordable Experience!*

Rather than relying upon family or friends, Comfort Keepers® can help to provide convenient, escorted transportation.

We don't just pick you up and drop you off at your destination. Instead, a Comfort Keepers® professional will be by your side the entire way.

We'll pick you up from home and can help with doctor appointments, visiting friends and family, getting your prescriptions refilled and helping you complete everyday errands.

**We are available to you
24 hours a day, 7 days a week.**
